1

“And He shall judge among the nations,
and shall rebuke many people:
and they shall beat their swords into
plowshares,
and their spears into pruninghooks:
nation shall not lift up sword against nation,
neither shall they learn war anymore.”
(Isaiah 2:4)

2

Xerggyo and Hil. Xerggyo's hometown, where his parents live, is like a war zone. The town is closed, and no one is allowed to leave or enter. Recently, at midnight, Xerggyo's mother phoned to say that the shooting had started again in every street.

7

Ann Chow, Event & Project Management. The Seoul 2024 program planning meetings were fruitful. "Prayers for my trip to Thailand. *Partners International Canada* is bringing our ministry partners together to celebrate their accomplishments, discuss obstacles and how we can better support them. Should be amazing to meet them in person. I'm sure to learn a lot of what life is like on the ground in very difficult places. Your prayers are important to our work."

8

Eleanor Crabtree. "The good news is that the cancer is in remission. I'm almost recovered from the replacement of the Pace-maker battery. I do have some follow-up appointments in November with two on November 10th. Thanks for all the prayers. God has answered."

9

Rosemary Walker. Praises God that the English Class and the Ladies' Bible study on basic Christian Beliefs are going very well. The English class has been looking at Jesus' parables recently. "If you'd like to join us as our mystery guest for half an hour in the English class one day, please get in touch with me."

10

Dave & Rani, Brampton. "Praise God that Rani is feeling much better. However, she still has diet/abdominal pains/sleep challenges. (All related). Her sister (Anu) is coping with bipolar. Please pray for Deepak (Grade 12) as he contemplates university. We are busy ministering to international students and newcomers. We visit a Sikh temple almost every week and befriend folks there and sometimes have them in our homes as we share Good News."

11

Refugee Sponsorship. We are working on

sponsorship documents, trusting ultimately to bring a family of five here to Toronto. They are currently outside their country of origin but fear being deported back into danger. Pray for God's intervention and care over this vulnerable family. Today being Nov. 11, we also remember all those caught up in the wars and conflicts which create so many refugee crises. The Lord make our hearts tender to great needs.

SUNDAY

Gus & Marliese, London. "We continue to thank the Lord for the mall Bible study group and the opportunities to teach English to Yazidis and the Palestinian. Please continue to pray for Gus' arthritis and now a skin disease called Bowen's. I'll be seeing a dermatologist on Monday the 16th."

13

Jack & Mary Anne Voelkel, Arizona. "The leaders of the 4-day prayer retreat for students and staff of the Biblical Seminary in Colombia praise God for feeding them a feast. They worshiped, prayed, sang, meditated on Scripture and were attentive to the Lord. On the last evening, they had a time of worship that was filled with the presence and pleasure of the Lord. It was a very, very special prayer retreat."

14

Laurie Armstrong, P2C. "Pray for students as they continue taking steps towards Jesus, in exploring what a relationship with him means, in learning how to trust and respond to him in both big and ordinary moments of life, in helping others encounter him. I'd also appreciate prayer as I take on a couple of student-facing projects, both involving a significant personal learning curve."

15

Leah Hopp, OPC, Uganda. "The mission has been constructing new clinic staff housing for a year and a half now. The only thing we are waiting on is to get the six

Your prayers are coveted as we seek God's continued guidance."

21

22

Sylvia Dresser. "Praise! 80 church leaders from 5 villages attended the Bible Conference in Saman and left with a better understanding of God's plan of redemption. A sad note was that the Smith family from Ethnos left the Papua field. The Bruce family are carrying on with translation while living in Sentani. They request prayer. Another praise! Andrew's sight continues to improve. Pray that he will pass the various tests for his eligibility for a transplant."

23
