

Youth in the Karamoja region of Uganda where Leah Hopp works.

SUNDAY

War in Ukraine. Civil war in Yemen. Uyghurs incarcerated in re-education camps in northwest China, pandemic, floods and famines.... Help Christian workers and “ordinary” Christians not to grow weary in well-doing, Father God. Give us more of your heart for the suffering, and the compassion that offers not only physical help but also Christ, the true Bread of Life.

2

Sylvan Payne. “Please pray for me. My Parkinson’s is causing me to fall down many times a day some days. This is affecting my work, especially when I fall in the classroom. PD [Parkinson’s Disease] is

exhausting.”

5 Leah Hopp, OPC, Uganda. “Praise God that my research has been published! Please pray that my colleagues in Uganda will be able to distribute it well to the District Health Office and other clinics in our district. May others benefit from the local knowledge in order to serve their communities better.”

Pray for more applicants and that they will quickly complete the next steps so that their applications can go to the Admissions Committee for acceptance. Pray as well for study permits for U.S. students, and that advanced courses won’t have to be cancelled for lack of students. Students close to graduation depend on them being

offered in Summer Term.”

SUNDAY

Gord & Brenda Nickerson, Josiah Venture, Eastern Europe. “Pray for our staff team that are focusing on meeting the needs of those still in Ukraine along with the many displaced Ukrainians who have had to leave their homes and move to neighboring countries. God continues to work in amazing ways despite the terrible crisis happening during this unjust war. See www.josiahventure.com for recent updates and prayer requests. Brenda and I have been working from Dallas for the last few weeks. We were at a youth leaders conference in Orlando a couple weeks ago and then I tested for Covid prior to the second youth leaders conference I was to be at in Dallas. Brenda and I "self-isolated" for the prescribed time and although most of my symptoms have not been too bad, I have experienced some exhaustion and more concerning is a sudden and significant loss of hearing. I can't get on a plane again yet (concern that my eardrums could rupture), and so I have an appointment with a hearing specialist next week here in Fort Worth (Dallas area). I am really hoping and praying for more information on what is causing this, and a treatment plan that will fully resolve my hearing. I'd appreciate your prayers!”

9

Chyrl Basa, FFM. The next Day of Prayer is May 14th. Also, pray for the connections they are working to build with young people. And don't forget those finances, always needed.

Please pray for leaders at the Perspectivas National Coordinators Conference, May 13-15, to be well prepared for the return to in person classes. We are especially trusting that those who are struggling with the cost of flights will see God’s provision!”

12

C & K. “Approximately 60 members of our global community have signed up to attend our annual training and prayer conference in the Mediterranean region. This will be the first time since early 2019 we will have been together in this way. Pray for a powerful and blessed time together.”

13

18

Praying for revival—to impact our culture also! Lectures are advancing too!"

24

Jack & Mary Anne Voelkel. "Be encouraged! God is answering these KWM prayers we are praying month by month! In Colombia, the two COVID widows are gradually healing and ministering in the Student Movement once again. God has raised up a team of staff workers who are sharing the Gospel and discipling students in 4 key cities. Pray that as in-person classes begin again, many University Students will come to know and follow Jesus!"

25

Barbara Rahn & Pam Stedman. Pamela and I would like to share a verse from Isaiah which is meaningful to us. "Even to your old age I am He, and to gray hairs I will carry you. I have made, and I will bear: I will carry and save you." Isaiah 46:4
